

Professional Series Portable Firmware Upgrade Kit R05.18.00 Customer Release Notes

NOTICE: The CPS PROGRAMMING DATA WILL BE LOST AFTER UPGRADING. PLEASE SAVE YOUR EXISTING CODEPLUG TO AN ARCHIVE FILE. It is recommended to save an archive of the radio's codeplug using CPS before the update process. After upgrading, this archive can be used to recover the CPS programming data of the radio.

Professional CPS R06.12.05 and later is required with this firmware.

This release of radio firmware only supports the Prime families of Professional Series Portable Radios. All bands in these families are supported. For any questions, please contact Customer Resources at 1-800-927-2744.

I. Enhancements

Item #1 Enhancement to help prevent codeplug corruption

II. Corrections

None

III. Known Issues

None
